

# RETROFIT & SUSTAINABILITY FUNDING

## **Commercial Space & Water Heating Rebate (CSWHR) — SaskEnergy/ SaskPower**

- Supports replacement or installation of high-efficiency furnaces, boilers, rooftop units, tankless heaters, and pumps.
- Funding: Rebates vary by equipment type.
- Key requirement: Equipment must be installed by a licensed TSASK contractor.
- Application: Open; apply after installation through SaskEnergy.

**Who should consider:** Businesses, commercial kitchens, community halls, agricultural shops

**What to do:** Review eligible equipment list, hire licensed installer, submit rebate application.

## **Commercial Energy Optimization Program (CEOP) — SaskPower / SaskEnergy**

- Supports energy-saving upgrades in commercial buildings (lighting, HVAC, controls, envelope).
- Funding: Up to 50% of eligible project costs; includes free Energy Support Services (ESS).
- Key requirement: Must be a SaskPower or SaskEnergy commercial customer.
- Application: Open; businesses can apply anytime.

**Who should consider:** Local shops, offices, restaurants, Heritage Common, community facilities.

**What to do:** Contact CEOP for an energy assessment, identify upgrades, apply for incentives

## **Commercial Boiler Rebate Program — SaskEnergy**

- Supports installation of high-efficiency natural gas boilers for commercial buildings.
- Funding: Rebate amount depends on boiler efficiency and size.
- Key requirement: Must be a SaskEnergy commercial customer; installed by member contractor.
- Application: Open.

**Who should consider:** Larger buildings with boiler systems (halls, multi-use buildings).

**What to do:** Get quotes from SaskEnergy Network Members, install equipment, apply for rebate.

## **Métis Nation – Saskatchewan Home Efficiency Initiative (HEI)**

- Supports retrofits for Métis citizens (windows, insulation, air sealing, HVAC).
- Funding: Varies by retrofit type; strong support for rural homeowners.
- Key requirement: Métis citizenship verification.
- Application: Open through MN-S.

**Who should consider:** Métis homeowners in and around Hepburn.

**What to do:** Apply through MN-S, book energy assessment, complete eligible upgrades.
